

ARABIC 121-2

Second-year Arabic will focus on the integrated approach which blends the standard Arabic, Fuṣḥā, and the dialect or colloquial language, āmmiyya, in a way that reflects the authentic practice of native Arabic speakers. We will start with Arabiyyat al-Naas (Part Two) in the Winter quarter focusing on culture, history and useful vocabulary and phrases to communicate in real life context. Students will learn about the modern Arab world and its history, about important Arab cities such as Damascus, Baghdad and Cairo, about the Arabic language and its history, and more about food and drinks and about personal and public health.
