SECOND-YEAR TURKISH

Staff, Instructor. MTWTh 1-1:50PM

Turkish 121-2 is the second quarter of the three-quarter sequence of Second-Year Turkish. The course builds on material learned in first-year Turkish by introducing additional grammar and sentence structures, by presenting new vocabulary, and by providing students ample opportunities to practice and expand all skills. The course also provides insights into modern Turkish culture through the language.

Students completing three quarters of Turkish 121 will be able to understand and produce passages in written Turkish of medium length, understand spoken Turkish and engage in spoken discourse of medium complexity on everyday topics.
